

TECHNICAL ADVISORY COMMITTEE

WHO'S ON THE COMMITTEE

The Technical Advisory Committee includes representation from the long-term care and community health support sectors. It has representation from employers, unions, and WorkSafeBC. Collectively, the Technical Advisory Committee provides input, expertise and knowledge to strengthen the effectiveness of SafeCare BC programs and initiatives.

SECTOR CONSULTATION

WHAT THEY SAY

“

The TAC is an excellent example of how Employer Reps and Labour Reps can work together to promote the safety of all healthcare workers in the industry. Through this collaboration, we can provide meaningful feedback to SafeCare BC on the development of tools and resources for all to use.” - Rob Senghera, Revera

“

The BCGEU places the highest priority on health and safety rights in the workplace. We are happy to work with SafeCare BC to ensure all workers in the workplace have the best education in occupational health and safety while continuing to provide the best service available to their clients.” - Brian Campbell, BCGEU
