

Hearts & Hands

CONFERENCE FOR HEALTHCARE ASSISTANTS

OCTOBER 22 • LANGLEY | OCTOBER 24 • VICTORIA

SPONSORSHIP PROSPECTUS

2019

SafeCare BC is the health and safety association for 28,000 continuing care workers across BC, and we are inviting your organization to become our partner and sponsor the fourth annual Hearts and Hands Conference for Health Care Assistants.

About the Conference

Hearts and Hands is the premier annual conference for health care assistants in BC, with the goal of celebrating, educating, and inspiring. **Our 2019 conferences will be held at the Coast Hotel & Convention Centre Langley on October 22, and the Songhees Wellness Centre in Victoria on October 24.** The two events are expected to sell out, with almost 400 delegates in total.

Health care assistants work in our homes, hospitals, long-term care homes, and assisted living environments. They are the unsung heroes of our health care system. Unfortunately, they are also the most often injured workers in the province. These conferences are designed to celebrate the work of health care assistants and provide them with ideas and tools to keep them safe and healthy at work.

Your participation as a sponsor will not only show your support for the work health care assistants do in providing care in our society, but you will also be able to positively position your brand with delegates—the majority of whom are female. Your brand awareness will extend beyond the conferences, as your organization will receive recognition and promotion leading up to and following the events with our members.

Keynote Presenter

We are excited that Teepa Snow, a highly-sought after presenter and one of the world's leading advocates and educators for dementia care, will be the keynote at this year's conferences. Teepa's advocacy efforts led her to the development of the GEMS® dementia classification model and the Positive Approach® to Care training strategies. Teepa is an occupational therapist with 40 years of rich and varied clinical and academic experience. She presents with extraordinary expertise and humour to audiences throughout the world. In addition to the keynote, the conference will feature three breakout sessions.
