Section 4: EXPENSE ALLOCATION - HSA OPERATIONS
a) Describe the method or formula used in the 2022 budget to allocate common expenses and/or overhead expenses shared between HSA operations and COR administration or shared between the organization's head office and HSA operations (e.g., based on staffing FTE or square footage of office)
SafeCare BC co-shares an office space and back-end administration services with the BC Care Providers Association (BCCPA) via a Shared Services Agreement (SSA). Costs associated with the SSA are allocated to the following line items: Consultants and Contractors, Advertising and Sponsorship, Building Maintenance, Telecommunications, Office Supplies, Technology, and Staff Training. The office rent is split 50/50.
b) List the expenses and amounts that have been allocated according to method described in (a) and included in the 2022 budget in Section 1.
Costs associated with the SSA are allocated to the following line items: Consultants and Contractors (\$99,000), Advertising and Sponsorship (\$42,525), Building Maintenance (\$4,00), Telecommunications (\$3,000), Office Supplies (\$11,025), Technology (\$23,625), and Staff Training (\$15,960). With the exception of building maintenance, each of the other expenses are based on a usage fee and credited if unused.
c) Has the expense allocation method used in the 2022 budget changed from previous year? If it has changed, explain why.
The expense allocations have reduced by \$30,000 given that staff are working from home and SafeCare BC has grown and brough some services in-house. The staff sharing agreement has also been revised to adjust for increased salaries and a different compliment of staffing to support SafeCare BC program delivery.
